

## (a) Conventional

🕒 day-to-day parcel delivery

🔄 repeated lower-density tours

### Order arrival and delivery timeline

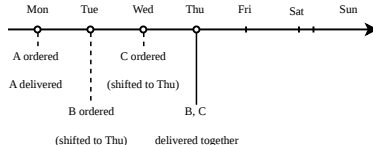

## (b) Hybrid

🕒 partial consolidation: some orders batched, others conventional

⚖️ choice between conventional and TBC delivery

### Order arrival and delivery timeline

## (c) Full TBC

🕒 full consolidation, all orders batched and delivered on the next service day

✓ higher delivery density, fewer redundant trips

### Order arrival and delivery timeline
